Drum Lining

Dear Mr. Langella:

Confirming our telephone conversation of August 29, please investigate at once and advise your time table for applying Mobileliner 285-D-8 to all of our 55 gallon open head, Spec. #22 reconditioned drums. I would like to set up as a target date, October 1 or sooner. Please advise as soon as you are in a position to apply this lining.

Very truly yours,

NATIONAL STARCH & CHEMICAL CORP.
